2261 - TITLE I SERVICES

The School Board elects to augment the educational program of educationally disadvantage students by the use of Federal funds and in accordance with Title I of the Amendments to the Elementary and Secondary School Improvement Act of 1965.

The Superintendent shall prepare and present to the State Department of Education a plan for the delivery of services which meets the requirements of the law, including those described below. The plan shall be developed by appropriate staff members and parents of students who will be served by the plan.

A. **Assessment**

The Corporation shall annually assess the educational needs of eligible children, as determined by Federal and State criteria. Such assessment shall include performance measures mandated by the Department of Education as well as those determined by the Corporation's professional staff, that will assist in the diagnosis, teaching, and learning of the participating students.

B. **Scope**

Each school shall determine whether the funds will be used to upgrade the educational program of an entire school and/or to establish or improve program that provide services only for eligible students in greatest need of assistance. The program, for an entire school and/or a Targeted Assistance School, shall include the components required by law as well as those agreed upon by participating staff and parents.

C. **Participation**

The Title I program shall be developed and evaluated in consultation with parents and professional staff members involved in its implementation. The determination of the

comparability of services may exclude, in accordance with Federal regulations, State and local funds spent on compensatory education programs, bilingual education programs, and programs for educationally-disabled students.

The determination of comparability will not take into account unpredictable changes in student enrollments or personnel assignments.

In order to achieve comparability of services, the Superintendent shall assign teachers, administrators, and auxiliary personnel and provide curriculum materials and instructional supplies in such a manner as to ensure equivalence throughout the Corporation.

E. Professional Development

The Superintendent shall develop administrative guidelines whereby members of the professional staff participate in the design and implementation of staff development activities that meet the requirements of Section 1119 of the Act and:
