ANNUAL PESTICIDE USE NOTIFICATION

The District has adopted an Integrated Pest Management (IPM) policy. This policy includes notifying parents/guardians of pesticide use. During the school year, it may be necessary to apply pesticides at your child’s school to avoid serious health problems posed by pests and/or maintain the integrity of a structure. However, should you feel that your child’s or your (for school staff) health and/or behavior could be influenced by exposure to pesticide products, you are notified as follows:

- An application of products on the Approved List may be applied during the school year
- In the event the use of a product is required that is not on the Approved List, you will be notified 72 hours in advance. (Exception: Emergency circumstances that warrant an immediate response).
- Additional information regarding pesticide products, is available online at www.oisc.purdue.edu/pesticide/pest_use_at_school.html

Please complete, detach and return the form below to the school’s main office, indicating ***ONLY if you wish to be pre-notified each time a pesticide is scheduled to be used at the school.***

-----Cut here and return if applicable-----

PARENT/GUARDIAN REQUEST FOR NOTIFICATION

- I would like to be pre-notified** every time a pesticide application is to take place at my child’s school (i.e., in addition to annual notification). I understand that the notification will be sent home with my child, or provided to me as a school staff member at least 72 hours before application. (Exception: Emergency circumstances that warrant an immediate response).
