EAST WASHINGTON SCHOOL CORPORATION

March 20, 2020

Dear Parent/Guardian,

I would like to take a moment to update our school community with our response to the COVID-19 Pandemic. Through Facebook posts, we have sought to be as transparent as possible. Yesterday, a plan was posted that would take us through the end of the 2019-20 school year. Today I wish to thank all of you for your patience and understanding during this process. Please remember that as information from state officials is received, this plan may need to be further adjusted.

I would like to give a big shout out to the staff at East Washington. What they were tasked with in order to keep education moving was and is a daunting task. I have witnessed truly unique and remarkable educational experiences. While I realize the system is not perfect, work is continuing daily to make the eLearning process as robust and strong as it can be.

Again, these are unprecedented times. We do not have a clear picture as to when it will be over. Please rest assured that we are committed to your child's education and well-being. A meal delivery form will be posted to our Facebook page and to our website. This form outlines our meal program while we are closed and allows you to sign up for meal delivery.

Our school board is committed to your child and will be providing pencils, paper and crayons for you. The first food delivery of the month will have school supplies included with the meals. Again, we are here for you! I will keep you updated as new information and/or changes occur.

Your Superintendent,

Dennis Stockdale
